MODEL PKLBPB, PKLBPG

PICKLEBALL POST SET, IN GROUND, 3" ROUND

Recommended Application

Designed for competition or recreational pickleball play in park, school, tournament, or residential settings.

SPECIFICATIONS

PKLBPB, PICKLEBALL POST SET, IN GROUND, 3" ROUND

Post set shall consist of one winch post and one end post. Posts shall be made of heavy-duty 3" [76.2 mm] round tubular steel providing for increased strength and durability on the court. Overall height of each post to be 58" [1.47 m]. Both posts shall have integral, welded lacing bars, with the end post having "J" hooks integral at two heights to accommodate differing top cord lengths. The winch post is to have a premium brass, worm gear, winder and pulley for achieving proper tension on net top wire. The end post is to have a cast aluminum rope guide, to maintain center. Posts are to be polyester powder coated to protect the posts from environmental elements. A choice of either classic green (PKLBPG), or black (PKLBPB) color is available. Designed for sleeve mount or permanent installation. Sleeve kit and net sold separately.
