

INTRODUCING **THE OUTERLIMIT[®]** ARENA PORTABLE BASKETBALL SYSTEM

We're pushing the limits of traditional portable systems with tons of new features that facilities are asking for!

- Striking arena-style boom and jet black unit color provide a sleek, Insta-ready photo backdrop.
- Compact weighted base with 360° wheels and forklift slots allows for effortless transport inside tight facility spaces.
- Broadcast and live stream-ready with full multi-media capabilities, including outlet receptacles and boom channels for concealing wires.
- Optional kit allows conversion from spring-assist to convenient electric operation.
- Optional weight addition allows for anchorless floor mounting for travelling tournaments or multi-use facilities.
- Fully customizable with many powdercoat and pad color options, custom graphics, & accessories such as shot clocks, camera mounts, and more.
- Designed for high levels of collegiate, professional, and international play, & meets NCAA and NFHS specifications.
