MODEL JJ5A

ADJUSTABLE JUNIOR JAMMER BACKBOARD ADAPTER

APPLICATION

The Junior Jammer is ideal for use with youth leagues and younger players. Lowers the height of the standard goal to official youth height of 8'-6" and moves the goal 2' closer to the free throw line. The unit is adjustable to 5 different heights from 7'-0" to 9'-0".

SPECIFICATION

The unit shall be constructed of square aluminum tubing vertical frame with a horizontal aluminum mounting structure to fit a standard goal ring. Mounting structure is connected to the standard goal ring with heavy duty clamp knobs. Diagonal adjustable telescoping brace stabilized the backboard in any of the 5 vertical positions. Backboard shall be lightweight fiberglass or plastic and connects to the vertical frame with an aluminum sub-frame that can be positioned on one of 5 height levels.

Subject to design change and current manufacturing practices.
