MODEL LSCE72
MOLDED CUSHION EDGE

APPLICATION

The backboard padding is 1 1/8" thick, urethane foam that protects the players while the skin molding process protects the padding. Each half is 36" long and allows for 12" to run up the side of the rectangular backboard. Each half is "L" shaped and molded in right hand and left hand sections. Half sections bolt to all 72" acrylic and glass backboards that have a width of 2". Recommended for use on all outdoor acrylic and glass 72" backboards.

Mounting hardware is included.

Available in Black only.

Subject to design change and current manufacturing practices.
